### **Yearling Clinical Examination**

**Victoire Celebre 2018**

**Microchip: 985100012150858**

**Brands NS: Q fern conjoined over scroll dot OS: 20/8**

**Yarraman Park**

**Lot number: 273**

**24/3/20**

The above horse was examined today at the request of Mr. Harry Mitchell. The findings of a clinical examination were as follows:

- 1) Sound at the walk
- 2) Had normal hoof capsules and soles
- 3) No observable swellings - joint distension or otherwise
- 4) Had normal eyes & vision
- 5) Heart was in normal rhythm
- 6) No parrot mouth or other hereditary defect was observed
- 7) Left testicle very small. Tip of the right testicle appears to be palpable high in the inguinal canal.

*Dr Bridget Bester BVMS CertEM(StudMed)*
