### **Yearling Pre-Purchase Examination**

**Lifesaver Lady 2018**

**Microchip: 985100012159332**

**Brands NS: GT OS: 3/8**

**Bhima Thoroughbreds**

**Lot number: 28**

**26/3/20**

The above horse was examined today at the request of Bhima Thoroughbreds. The findings of a clinical examination were as follows:

- 1) Sound at the walk
- 2) Had normal hoof capsules and soles
- 3) Had no observable swellings - joint distension or otherwise
- 4) Had normal eyes & vision
- 5) Heart was in normal rhythm
- 6) No parrot mouth or other hereditary defect was observed
- 7) Two descended testicles of adequate size present.
