Wednesday 5 August 2020

Lot: 684

Yearling: Sebring x Sweven Chestnut Colt

Microchip: 985100012166381

On account of: Two Bays Farm, Flinders VIC 3929

The above-named horse had a basic clinical examination conducted on Wednesday 5 August 2020.
Below are the finds noted.

- Two (2) testicles visualised
- Eyes appeared normal, does not appear blind, no white spots on the cornea noted, menace normal
- TPR within normal limits, sinus rhythm auscultated (very relaxed)
- No lameness noted at a walk, hoof capsules had no abnormalities, have been trimmed recently
- Very mild dry flaking skin on left side of neck, skin otherwise in good health
- No wounds, scars or lumps noted on the legs
- Currently on no medication

On the above date, this colt appeared bright and in good health.

Kind regards

Dr Tracy Simmons, BSc BMVS
