CLINICAL EXAMINATION REPORT

LOT: 322
Name: SILKY MOVER 2019
Microchip Number: 985100012167378
Brands: N/S: N OVER BAR, O/S: 74/9
Farm: Newgate Farm
Height: 15.1h
Weight: 430kg

The above horse was examined today at the request of Jim Carey. The findings of a clinical examination were as follows:

- 1) Sound at the walk
- 2) Feet within normal limits
- 3) Right hindlimb residual swelling dorsolateral pastern with recent, healing skin wound. No sign of associated infection or pain on palpation. Had no other observable swellings – joint distension or otherwise
- 4) Had normal eyes & vision
- 5) Heart was in normal rhythm
- 6) No parrot mouth or other hereditary defect was observed

Dr Bridget Bester BVMS CertEM (StudMed)

PLEASE ENSURE THAT THIS REPORT IS FORWARDED TO THE HORSE'S OWNER AND THE PERSON RESPONSIBLE FOR THE FUTURE CARE OF THE HORSE, AS WELL AS TO THE INSURER, IF APPLICABLE.
